Art Unit: 2616

1. Claims 1, 15, 17 and 21 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 3 and 8 of U.S. Patent No. 6,049,549.

Although the conflicting claims are not identical, they are not patentably distinct from each other because by broadly interpreting the polling sequence in claims 3 and 8 of the U.S. Patent No. 6,049,549 as the claimed polling pattern in claims 1 and 17 of the instant application, it would have been obvious to make the same invention from U.S. Patent No. 6,049,549 into the instant application. Furthermore, by implementing each method step in method claim 3 of the U.S. Patent No. 6,049,549 into an apparatus claim, providing means for performing each method step, it would have been obvious to one of ordinary skill in the art to make the same invention as in claims 15 and 21 of the instant application.

2. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. See *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b).

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

3. Claims 3-8, 12, 14, 16, 19, 20, 22, 24-34 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 35-38 are allowed.

Art Unit: 2616

5. The terminal disclaimer has been **disapproved** for the reason being that the person who signed the T.D. is not attorney "of record".

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
